We are delighted to offer the **Dental Care Plans** – our own membership scheme, which enables us to provide you with the treatment and support necessary to control dental disease and restore your mouth to full fitness. Our modern health-promoting approach with continuing care means:

- Fewer fillings
- Less dental decay
- Less likelihood of toothache
- More attractive teeth
- More choice
- Reduced costs
- Aiming to keep your own teeth for life.

YOUR CHOICE FOR DENTAL CARE WITH US

As individuals we are having to make more and more provision for our own health needs. At **Amblecote Dental Care**, we believe that the best way of making treatment affordable, without compromising our high quality of care, is to offer you membership of our own **Dental Care Plans** which provide the following benefits:

- A convenient payment scheme for routine treatment
- Greater choice of treatment and materials
- More time to help prevent decay and gum disease
- A fair and equitable system where everybody pays the same
- Substantial discounts on additional treatments
- Worldwide Trauma and Emergency Callout Insurance
- Redundancy protection.

YOUR CHILD'S DENTAL CARE

Children are born free of dental disease, yet by adulthood, a significant proportion of the population have active gum disease and most people have experienced some tooth decay and even tooth loss. It is our belief that disease can be prevented. Our aim is to provide your child with the best dental care available to secure their dental health. We advise parents that children should first visit the dentist from approximately the age of two years old. We can then begin to see them regularly on the NHS to help them grow up free from dental disease. However, if they do need treatment, we can offer them alternatives not generally available on the NHS, such as mercury-free white fillings. To the children of members of our **Dental Care Plan**, we can offer these alternatives on the same terms as their parents.

WHY SUFFER DENTAL DISEASE WHEN YOU CAN ENJOY DENTAL HEALTH FOR LIFE?

WORLDWIDE TRAUMA AND EMERGENCY CALLOUT INSURANCE

Emergency Callout – cover can be provided by any dentist worldwide who agrees to treat you. You simply pay the emergency callout charge to the dentist concerned and collect a receipted invoice. This will then be processed through the practice for reimbursement from the insurers and you will be refunded the callout fee, minus the excess, up to the policy limits. This cover is to provide immediate pain relief only; no additional or restorative treatment fees can be claimed. You should return to the practice in normal hours for any further treatment required.

Dental Trauma – cover is provided should you be unfortunate enough to suffer a dental trauma, for example, as a result of a road traffic accident or an accident at home or at work. The insurers will settle the claim up to the policy limits and you will need to pay any relevant excess.

Hospitalisation – benefit is provided should you have to stay in hospital as a result of dental trauma.

Permanent Facial Disfigurement – benefit is provided should you be scarred on the neck or face as a result of the accident.

Oral Cancer – a payment will be paid upon diagnosis of oral cancer.

Redundancy Protection – plan premiums paid for up to one year (not included in the Registration and Insurance Scheme).

A leaflet giving details of the insurance cover, limits, excesses and exclusions is available at the practice.
